

TWYNHAM FOREST GROUP

The Twynham Forest Group of WIs is situated in the South, to the East, of Dorset. It includes :

- Amberwood-Highcliffe WI
- Christchurch Belles WI
- Christchurch Central WI
- Highcliffe WI
- St Catherine's Hill WI
- Southbourne WI

Twynham Forest Group were disappointed when Tuckton & Southbourne Afternoon WI closed in June 2018 but were delighted to welcome Christchurch Belles to the Group in February 2019.

The Group operates a six year rota, each WI taking full responsibility as a WI once every six years for organising a Group event in May and a coach in October to transport those members attending The Lighthouse to the DFWI Annual Meeting. This means that Twynham Forest Group does not need and does not have a Group Committee.

The benefits of belonging to the Group are the opportunities to meet other local WI members and, where appropriate, to share ideas and experiences. Each of the six WIs invites two guests from each of the Group WIs to meetings such as Christmas Parties and Summer events.

All six WIs within Twynham Forest Group provide a warm welcome to visitors, be they WI members or non-members.
