1. Welcome & Introduction

Welcome to Dorset Federation WI’s participants guide which provides an introduction to the use of the ZOOM Video Conferencing Tool.

Dorset Federation Board of Trustees have been using Zoom over the last few months for meetings. As we currently see no definitive date when we will be able to return to meetings & events at County House, The Board of Trustees, Events and Membership & Support Committees are taking the opportunity to provide Dorset WI Members (and in some cases all WI Members and other guests) with a range of opportunities.

These notes are designed to provide a brief overview of starting to use Zoom covering the key points. Further detailed information and guides are available online provided by

- Zoom Video Tutorials on the Zoom website(www.zoom.us) at [Zoom Resources](#) :
- Video Tutorials provided by [Buckinghamshire Federation](#)

2. The Zoom Application

For participants, the Zoom application is supplied free by www.zoom.us. (see below).

To join a session, you can attend without downloading the app and watching through your browser e.g. Google, Safari etc. However, the options are more limited and therefore the experience is not as good. We would recommend that you download the app – to participate **you do not** need to set up an account.

Our Zoom participants are all at different skill levels and the actual use of Zoom often depends on the type of device you are using e.g Mac, Windows, Kindle and then PC, laptop, tablet, phone etc.

Below are links to help you download the app. If you are having problems, please email our Digital Team who are waiting to assist: DigitalTeam@dorsetwi.org

To download the application please go to: <https://zoom.us/download>

For full and further details please also see Video Tutorials provided by [Buckinghamshire Federation](#) and [on YouTube](#)

5. New to Zoom

If you are new to Zoom, we are keen to ensure that you get the most from the event(s) you are attending & we would recommend that you download the application (as detailed above) as soon as possible.

In addition, we would also recommend you ask to join meetings with friends or other WI members to become familiar with the screens and controls.

You can set up a call with our Digital Team who will be happy to have a quick chat. Email them on: DigitalTeam@dorsetwi.org

Here are also some links to organised Zoom events which you can join:

- WI Netball: Facebook users only and you need to become part of the group) <https://www.facebook.com/groups/291740285441191>
- WI Wanderers (Facebook users only and you need to become part of the group): <https://www.facebook.com/groups/wiwanderers>
- Other WI Groups in Dorset - ask your WI Advisers to recommend a meeting for you to attend

6. Terminology

Zoom is very easy. There is just some terminology which we want to explain for this guide.

- **Event** used to describe any meeting, course, workshop organised by Dorset Federation.
- **Chairperson** - will direct activities during the event.
- **Host** - Zoom support for the chairperson and participants, help with admin and control admittance to the meeting, any requirements etc.
- **Speaker** - One or more persons who have been invited to formally talk at the meeting. These individuals may talk to the group, present slides or videos or demonstrate an activity.

Depending upon the size/type of the event sometimes one person may be more than one of the above.

7. Joining an Event

You will receive an email acknowledging your place on an event, which will include within it, the following information, which shows you the Meeting title with the date and start time of the meeting. Please do not share this information as it is for you only: -

All participants will be admitted into the Event, through the waiting room at the start time shown in the invitation. Once into the Event, the Zoom application may prompt you (this depends on your own settings & how the meetings has been set up)

Once admitted to the Event, the Chairperson will introduce themselves and explain the process for the event including if the event is being recorded, how any Q&A will be controlled etc.

This then takes onto your own Zoom controls.

10. Controls within a Zoom Call

These controls refer to a PC, laptop or Mac – however the terminology is the same across all devices, although the layout is difference on phones and tablets.

For full details please also refer to Buckinghamshire notes and videos

<https://www.bucksfwi.org.uk/uploads/1/6/6/8/16682302/tutorial3-tour-v3.pdf>

For Tablets and phones please refer to

Once in the meeting there are a number of options available to control what and how you interact with the other attendees. On a PC/Laptop scroll down to the bottom of the screen to see the menu:

a. b. c. d. e. f. g. h.

- a. Microphone - The microphone is muted – if there is a red line through the icon you will be muted and therefore not be heard. On entry to DFWI events you will be muted.
- b. Video - The Video is off, a red line through the icon means you cannot be seen – but your name or picture (if you have one) will be shown. Ideally you should have your Video playing so click to start video and the red line will be removed.
 - Remember you can check your sound and microphone&/or speakers if you have them whilst in the waiting room
 - *Note: if you can't see anything/hear anything, we will try and resolve the issue with you, but we will need to continue the event.*
- c. Participants – From this icon, you will be able to see how many participants are in the Event and if you click on this it will open a window so you can see who they are.
- d. Chat – if you click a window will open which allows you to type in a message either to everyone or to named individuals.
- e. Share screen – Please do not share your screen unless asked to do so by the Chairperson.
- f. On DFWI Zoom meetings you will not be able to record.
- g. Reactions – Click and you will be given a choice of reactions and if you click one of the reactions, e.g. clapping it will appear on your video for others to see.

- h. Leave Meeting – allows you to leave the meeting. You can do this at any time and if the event is continuing you can re-join using the same joining instructions.

If you go to the top right of your video screen you will see View, click and you will either have "Speaker View" or "gallery view" choose "Gallery View" to see everyone & "Speaker View" will show you only the person speaking plus small icons of other attendees with arrows to allow you to view all attendees .

Note: Where there is a speaker you will be asked to go to speaker view to get the best from the event.

This is the speaker view

11. Zoom Etiquette

Zoom Etiquette is the same as a normal event. This includes please:

- Do not take photos/screen shots without approval
- Do not record events
- Do not interrupt speakers, unless the speaker has already asked you to do so
- The Chairperson will guide all participants on when and how to ask or answer questions (raise hands, ask in chat) and when to mute and unmute.

12. DFWI Recording Speakers

Some Events and speakers may be recorded, including for training purposes. In such circumstances all attendees will be informed that the event is being recorded and their permission will be requested. If an event is to be recorded, you will be informed before the event, explaining why and how the recording will be used.

For GDPR, as noted in Etiquette above, please do not record the event or take

photos/screenshots and put these onto social media without requesting permission.

13. Creating a Zoom Account

Remember, to join these events you do not need to create an account. However, if you wish to host (arrange) your own meetings or call family and friends you will need to create a Zoom account to act as the host and invite others to join a meeting. Creating an account is free.
