

# NO MORE

violence against women

## Take Action to End Violence Against Women

Globally, 1 in 3 women will experience physical or sexual violence during their lifetime.

Two women are murdered every week by a partner or ex-partner.

Ending Violence Against Women is everyone's business.

Since 2012, the WI has been engaging men and boys in making a stand against violence against women.

### How can organisations and individuals get involved?

Raise awareness of violence against women

Make the White Ribbon promise to never use, excuse or remain silent about men's violence against women

Promote the Live Fear Free Helpline
