

NCFWI Climate Mitigation Survey 2021

#### Q1 Increasing investment in cycle and walking in my local area?

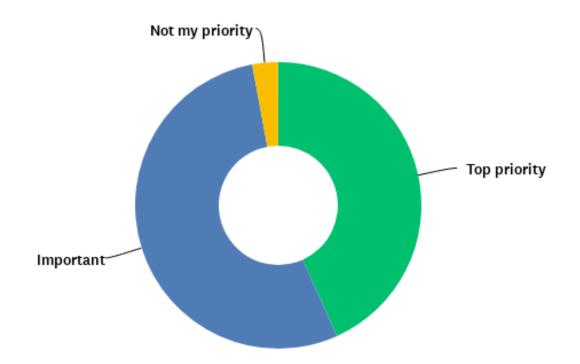

#### Q2 Ensuring homes are not leaking heat?

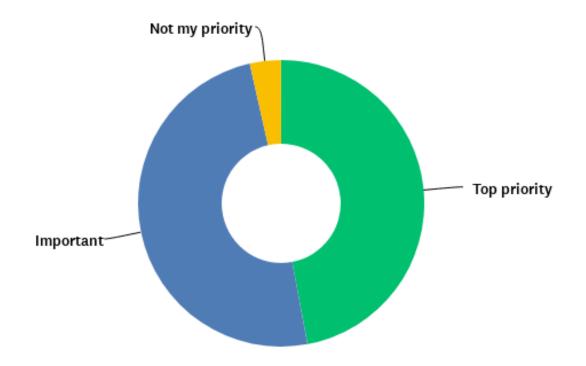

#### Q3 Protecting and growing green spaces for pollinators and biodiversity?

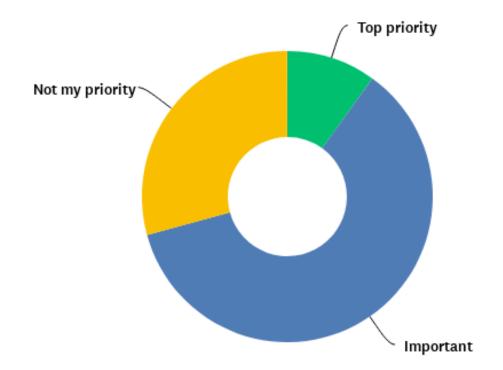

#### Q4 Unleashing the power of renewable energy?

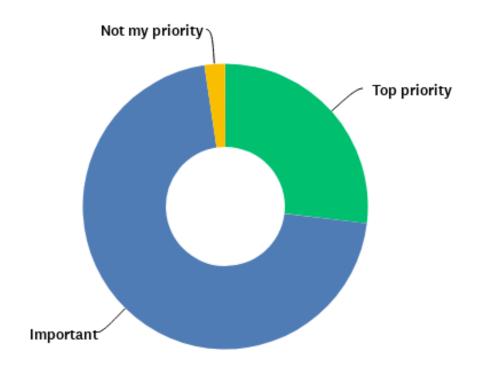

#### Q5 Reimagining fashion choices to eliminate fast fashion?

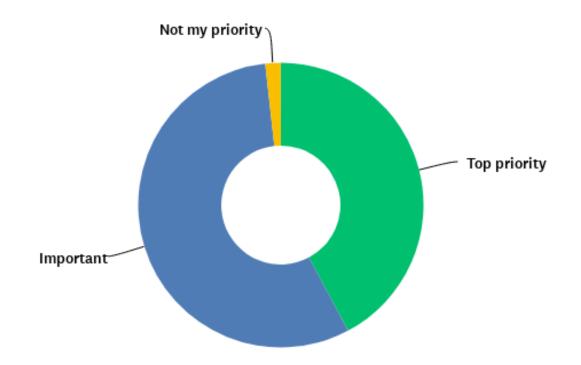

#### Q6 SupportIng communities by buying more locally?

## Q7 Reducing our consumption of resources and the energy used in processing fuels & materials?

### **Top Priorities in descending order**

- 7<sup>th</sup> Q5. Reimagining fashion choices to eliminate fast fashion
- 6<sup>th</sup> Q1. Increasing investment in cycle and walking in my local area
- 5<sup>th</sup> Q6. Supporting communities by buying more locally
- 4<sup>th</sup> Q2. Ensuring homes are not leaking heat

# NCFWI 2021 top three priorities for climate mitigation

1<sup>st</sup> Q4. Unleashing the power of renewable energy

2<sup>nd</sup> Q3. Protecting and growing green spaces for pollinators and biodiversity

3<sup>rd</sup> Q7. Reducing our consumption of resources and the energy used in processing fuels & materials

Our members demonstrated strong feelings through the massive support of the Show the Love campaign and also by sharing their priorities for climate mitigation in our survey.

These are clear indicators we recognise the crisis and are keen to be part of the solution, making a great platform for future initiatives.

#### Thank You.
