

Introduction

Welcome to our 'Centenary Scrapbook' Competition. This is an opportunity for you to celebrate and record the activities of your WI and your contribution to the life of your community at this momentous moment of time in our history. In compiling your record you are creating an historic document to which all in your WI can contribute. For future generations it will help them to gain a picture of life and work at this time. Let your scrapbook celebrate the feelings which you have for your WI and what makes it distinctive and what you will be doing to celebrate the WI's centenary.

In agreeing the format of your scrapbook, it can be a file recording your activities, or follow the traditional way in which we have undertaken such tasks in the past. Some of you may wish to add video clips, a DVD or devise an Internet Web Page. It can be in Welsh, English or bilingual. Whatever, be creative, focusing on content and presentation.

We hope that many of your scrapbooks will be placed in County Records Offices as archive material of value to future generations.

Ann Jones
Chair
NFWI-Wales

The scrapbook should record events and activities during the period January to December 2015.

Suggested Items to Include In Your Scrapbook

- **Press cuttings** - reports, action photographs, posters etc.
