

WSFWI EVENTS – JULY/AUGUST 2021

Friday 9th July between 12noon & 3pm

Family & Friends Single Use Plastic Free PICNIC

PLEASE NOTE CHANGES TO THE ORIGINAL EVENT DETAILS

WSFWI want to encourage you to run your own WI Single Use Plastic Free Picnic in your local area but remind you that the Coronavirus restrictions limiting groups meeting outside to a maximum of 30 are in place until at least 19th July. There will still be a WI picnic for members, friends and family, in Oaklands Park behind the Chichester Festival Theatre, Oaklands Way, Chichester PO196AP, on 9th July from 12noon. This Picnic is being run by our Public Affairs Committee and WI Climate Ambassadors, as part of the Chichester Festival. Due to the government delay in lifting the Coronavirus restrictions, the Picnic will now be a ticketed event limited to 30 people.

Free tickets can be obtained from WI Climate Ambassador, Maureen O’Grady 07927 513882 matwell10@gmail.com or from Chichester Festival boxoffice@chichester.gov.uk 01243 816525.

There is no charge but bring your own picnic.

We all recognize that plastic has a value to us and is a useful resource, however as part of the WI plastics campaign, we want to raise awareness of the overuse of SINGLE USE plastics, their effects on our environment, and on Climate Change. If you can organize your own picnics among your members, or if you come to Chichester please try and make it as single use plastic free as possible. Please let the federation know of your plans and share your photographs.

Friday 30th July 2pm – 4pm - Zoom –

“A CONSPIRACY HISTORY OF THE WORLD” Andy Thomas

Andy Thomas is one of the UK’s best-known researchers into conspiracies, unexplained mysteries, and cover-ups, and is the author of many books, Andy has given many lectures and he is well known to our WIs in West Sussex. In a “A Conspiracy History of the World” - Andy explores an intriguing alternative history of humankind, seen through the eyes of those who question the establishment version of events, taking in everything from the Roman Empire, the Gunpowder Plot, and the World Wars, to JFK, Watergate, the Moon landings, Princess Diana, 9/11, the ‘New World Order’ and other huge controversies in a compelling and fascinating journey.
