This February, people across the country will make, wear and share green hearts to Show The Love for the places, people and life we want to protect from climate change.

Show The Love is organised by The Climate Coalition, the UK's largest group of people dedicated to action on climate change and limiting its impact on the people, places and life we love at home in the UK and around the world.

The Climate Coalition represents over 130 organisations and 15 million people from across the country. Together, we want a world powered by clean and secure energy within a generation.
